PATENT

Application No.: 10/616,776

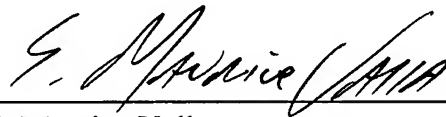

Office Action Dated: Supplemental Preliminary Amendment

REMARKS

Following entry of the instant amendment, claims 49 to 86 and 115 to 133 will be pending. Claims 1 to 48 and 87 to 114 have been canceled, without prejudice to re-presenting the claims in a continuing application. Claims 49, 53, 58, 59 and 115 to 125 have been amended. Claims 127 to 133 have been added. No new matter is added. Claims 49 and 115 find support at, for example, page 10, lines 8 to 15 of the application. Claim 124 finds support at, for example, page 10, lines 20 to 25, and claims 29 and 133 find support at, for example, the paragraph bridging pages 10 and 11 and page 27, lines 9 to 31.

An early and favorable first action on the merits is requested respectfully.
